**RESPONSE TO RESTRICTION REQUIREMENT**

Dear Sir:

In response to the Restriction Requirement dated June 22, 2004, applicants hereby elect as follows:

Applicants hereby elect for further prosecution the claims of Group I (claims 1-12) drawn to a closed air gap interconnect structure.

This election is made with traverse.

Applicants respectfully submit that a search relating the closed air gap interconnect structure will necessarily produce art relating to a method of building a closed air gap.

Thus, the Restriction Requirement should be withdrawn and both Group I and Group II should be examined because examination of both method and system claims will not be burdensome.

Applicants respectfully request examination of this application and allowance of the pending claims.

Respectfully submitted,

Date: July 22, 2004
